

Save Medicare

By Expanding it to Everyone

www.Healthcare-Now.org

GOOD

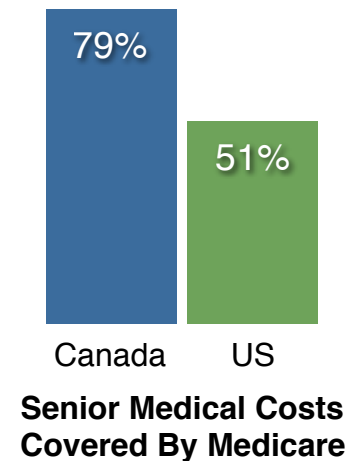

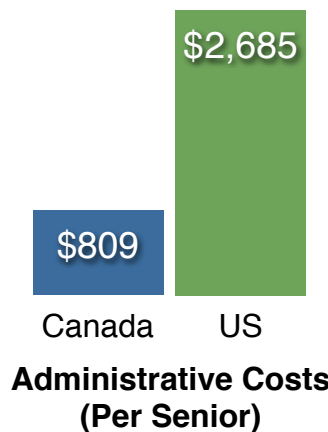

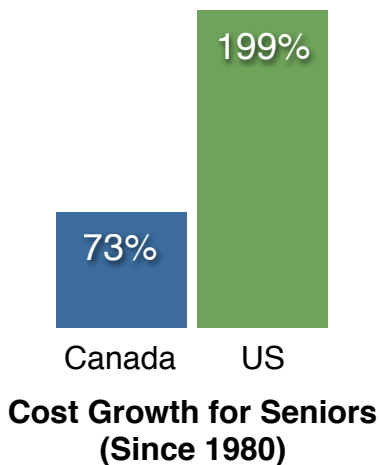

Medicare extended health coverage from 54% of seniors in 1963, to 98% of seniors by 2013.

BETTER

Medicare costs rise slower than private insurance costs do and seniors are more satisfied than those with private insurance.

BEST

Canada's single-payer system covers 100% of seniors (plus all other Canadians) for less and covers more.

Single-Payer Healthcare Would Have Saved Medicare \$2 Trillion Since 1980

The Greatest Generation Gave Us Medicare

Let's Give the Next Generation Improved Medicare for All
